

# Lily Fresh

## LOCALLY HARVESTED FRUITS

Lily Fresh is grown and manufactured in Chanthaburi, Thailand. The province is truly a gold mine for its varieties of tropical fruits. The fertile soil, sun and abundant rain along with perfected local cultivation techniques ensure the taste and unmatched quality Lily Fresh offers.

Lily Fresh promises not only to provide healthy and quality products to consumers but also to work closely with local farmers in the vicinity. In addition to this, partial proceedings are donated to the local Chanthaburi Cancer Centre.

Lily Fresh is freshly pressed and packed into glass bottles before undergoing pasteurization.
